<b>Brief Description:</b>	<p>Marshall is an Arts and Science Magnet school, made possible through internal and external advocacy. The support we receive from the Arts Council, teachers, families, artists, administration and community partners, enables us to offer the following programs to our diverse student body:</p> <ul style="list-style-type: none"> <li>• Suzuki Violin</li> <li>• Dance</li> <li>• Opera/Theater</li> <li>• Artists in Residence</li> <li>• Cultural/Language/Drama Integration</li> <li>• Music &amp; Arts in the General Curriculum</li> </ul> <p>We plan to verbally and visually showcase these programs with descriptions and photos of the students in their classrooms and in the community. We hope to show the direct involvement of our teachers and administrators (internal advocates) and explain what we do to successfully get and keep them involved. We will also focus on the vital roles our parents, arts council members, and various community supporters play in sustaining and supporting our magnet arts programs (external advocates). Finally, we intend to display the amount of money such programs cost our Title 1 School each year. We will share our plan of which programs we will focus on this year and how we intend to improve program integration in a time of great financial struggle. We will also outline the measures we are taking to</p>

	secure funding to continue these programs next year.
